

## Industrial Water Filter Housing

*High performance water filtration systems for commercial and industrial rainwater collection systems.*

### Industrial Water Filter Housing:

RainFlo Industrial Water Filter Housings are specially designed for large scale rainwater collection systems using the highest quality components and packaged in a complete and easy to install housing at an unbeatable price point. Utilizing easily replaceable, large surface area, high-flow, polypropylene filter bags, the Industrial Water Filter Housing can filter at 5, 10, 25 and 50 microns at flow rates up to 155 gallons per minute.

### RainFlo Industrial Bag Filter Housing:

- High Performance Filtration Up To 155 Gallons Per Minute
- Stainless Steel 304 Construction
- EPDM O-rings at Inner Sleeve and Upper Seal
- Hinged V-clamp Closure Design
- Pressure Gauge and Purge Valve Included
- Adjustable Tripod Stand with Bolted Mounts

Specifications:	
<b>Initial Flow Rate:</b>	155 GPM
<b>Flow at 0.015 MPa pressure drop:</b>	120 GPM
<b>Working Pressure:</b>	100 PSI
<b>Nominal Filtration:</b>	5, 10, 25 $\mu$ m
<b>Inlet/Outlet Size:</b>	3" Flanged Inlet (Top), 3" Flanged Outlet (Bottom)
<b>Housing Dimensions:</b>	8" Diameter x [45"H (Min.) 67"H (Max.)]
<b>Inner Filtration Support Basket:</b>	304 SS, 7" Dia. x 28"L
